Vice President
Joiner Construction
80 County Road 1398
Vinemont, AL 35179

Dear Adam Joiner,

This letter is to thank you on the great job your company has done at our facility. The concrete paving around our facility has really helped us out on our shipping and receiving. The 1400' ditch and French drain has solved the water flow problem. The additional 5000 sf. of drive has also helped out tremendously. All of the excavation, forming, and concrete pouring was done in a manner that did not interrupt our daily duties at all. The completion date of these many phases was complete on August 12, 2011 and was completed sooner than expected. The contract price for all this work was \$206,122.00. Thank you once again for the great job, and I would recommend your company to anyone.

Sincerely,

A handwritten signature in black ink, appearing to read "Mike Quick", written in a cursive style.

Mike Quick
